

MALINI MOHAN

Coimbatore, Tamil Nadu | mm6796734@gmail.com | [LinkedIn](#) | [Portfolio](#)

Biotechnology undergraduate with self-directed, hands-on experience in front-end web development. Independently designs, builds, and debugs projects end to end, and is currently expanding into full-stack development through the MERN stack.

EDUCATION

B.Tech in Biotechnology

2025 - 2029

PSG College of Technology, Coimbatore

PROJECTS

Personal Portfolio Website

[View Live](#)

Independent Project — HTML, CSS, JavaScript

- Designed and built a personal portfolio website from scratch and deployed it live on the web.
- Developed and refined multiple design variants, including a serif-styled layout with custom color palettes.
- Independently resolved layout and cross-browser CSS issues to deliver a clean, responsive final build.

TECHNICAL SKILLS

Languages: C, JavaScript

Web Development: HTML, CSS, JavaScript

Currently Learning: MERN Stack (MongoDB, Express.js, React, Node.js)

Tools: Git, GitHub, Netlify, Vercel

CERTIFICATIONS & TRAINING

MERN Stack Development

In Progress

One-month intensive course

CORE STRENGTHS

- Self-taught in web development, picking up new tools independently outside of coursework.
- Patient, methodical approach to debugging and refining work until it's right.
